## **Warranty Information**

The following warranty replaces all other warranties, expressed or implied, and all other warranties, including warranties as to merchantability or fitness, are expressly excluded.

### **System, Parts and Labor**

ALA Scientific warrants purchased equipment (except consumable supplies, cables, and DAD laptop controller) to be free of defects in material and workmanship under normal use and maintenance from the date of shipment for a period of one year (90 days in the case of (i) light emitting diodes and cathode ray tubes, and (ii) separately purchased replacement parts; and 120 days in the case of overhauled modules sold in exchange for similar non-functioning modules). Consumable supplies and cables are warranted to be free of defects in material and workmanship at time of shipment. Labor invoiced in connection with repairs performed at ALA's facility is warranted for a period of 90 days from the date of shipment of the repaired equipment. Purchased equipment warranty terminates on transfer of title of the purchased equipment or any customer/user modifications to the ALA supplied product.

### **Limitation of Remedy**

ALA shall have no liability for any direct, incidental or consequential damages resulting from breach of warranty, from the breach of nonperformance of any term or condition hereof or from ALA's actual or imputed negligence. ALA's liability shall be limited (i) in the case of warranted equipment, to repairing or replacing (with a new component or one equivalent to new in performance) any component which ALA finds to be defective in material or workmanship, at ALA's site (shipment to such facility to be prepaid by customer and to be reimbursed to customer if ALA finds the product to be defective in material or workmanship), and (ii) in the case of labor invoiced in connection with repairs, at ALA's election, to correcting any workmanship which ALA finds to have been defective, or refunding to buyer the labor repair charges paid to ALA.

### **Geographical Limitation/ Nontransferability/ Inconsistent Language**

In the case of equipment located outside of the 50 states, the District of Columbia and the Commonwealth of Puerto Rico which is returned ( in whole or in part) to ALA for warranty service, transportation costs incurred in such shall be at buyer's expense. This warranty is not transferable and may not be supplemented or amended except in writing referring specifically hereto and signed by buyer and ALA. Without limiting the generality of the foregoing, any inconsistent language contained in requests for quotation, buyer's purchase orders, shipping instructions or similar documents is specifically rejected by ALA.
